PRESIDENT BAILEY'S ELECTION ANNOUNCED

Than came Judge George M. Powers of Morrisville with the announcement that, at the regular meeting of the board of trustees of the University, held that morning, in compliance with the recommendations of the special committee empowered to take the matter under consideration, the trustees had, by a unanias president of the University Guy W.

At this point in the announcement, Justice Powers was interrupted by a rising burst of applause, shouting, stamping and handelapping such as the walls of a year. It was some minutes before the peaker could continue with this popular announcement During the course of which Mr. Bailey was a member, drowned out the entire assembly with a sidesplitting yell.

When the din had somewhat subsided. Justice Powers went on to explain that Mr. Bailey had been for some time comp-

etration as enflusigatic as the first, and call was then started for from the new president. Instead of taking time to express his feelings concernthe honor bestowed upon him. Mr. Bailey at once took up the matter of the announcements of gifts and bequests as shove mentioned. In speaking of the gift from Gen. Rush C. Hawkins, President Bailey said

'Seventy-four years ago next Septem ber, a Vermont boy, lacking about two weeks of his 15th birthday, left Pomfret, one of the beautiful hill towns of Windsor county, Vt., to make his way in the He had heard of Gen. Zachary made his way to Boston to enlist as a game. drummer boy and was rejected on account I of age and size, but succeeded in getting in a year after and a few months later reached the Rio Grande.

When the Civil War came he was made colonel of the Ninth Infantry, better known as Hawkins' Zouaves, and was brevetted a brigadier-general. He was noted for his dash and courage and was able to give valuable information to President Lincoln. After the war he was a member of the New York Assembly and was chairman of a committee of the Union League club which investigated and reported in 1875 on Tammany methods York city. In 1889 he was appointed art commissioner to the Paris Exposition and was made an officer of the Legion of Honor of France.

For many years he has been known an author and book gollector and the University library is greatly indebted to m for one of the most valuable Civil War collections in existence. He has built in Providence. R. I., a most notable monument to the memory of his wife known as the "Anne Mary Brown Memorial," which contains a room of rare col-lections of old and modern paintings. oks illustrating the genesis of early printing, wood engraving, and many other objects relating to many things of excep-tional interest. He has long been condered an authority on the early history of printing and the making of wood cuts.

This man is Gen. Rush C. Hawkins of New York, who most generously has given to the University, as a part of the general endowment, \$100,000, the income of which is to be used for increasing the calaries of the faculty of the College of

bia University. Mr. Powell was not backward about praising his class, for which
he claimed the records in scholarship and
of the association during the past year,
generosity, inasmuch as one-fifth of the acted as toastmaster. The first business years to give a president to U. V. M. REPORT OF OBITUARY COMMITTEE. He said that it might be inferred, from 68-Ell Edwin Graves, Fellow A. M. A., that he had sawed wood; but when he gust 5, 1919, Act. 72. ad first known Mr. Bailey, that gentle-

For the medical alumni, Dr. D. C. of this city, who had been the last few years the Medical College had come into its own as never before. He told of the good work which is being done in the medical department, of the preminent part which it plays in the life the State, and even throughout the ountry, and he pledged the support of seed 63 the medical side of the college to secure the advancement of the University's in-

H. E. Morton, president of the class of 1910, was the spokesman for his class. This class was the only one to have disinctive uniforms throughout. The mem bers present were all attired in attrac-De sailor costumes of white, and the class carried a banner on which was inscribed the following: "The Class of 1910, Vermont, Makes Port After a Cruise of Mr. Morton told of some of the interesting things about his class and closed his remarks with a suggestion that the "Old Vermont" yell be given more slowly so that the yell may be more clearly understood, and not chopped off so that it is untelligible to the out-Mr. Morton mentioned during his remarks that one of the members of his class had come 12,000 miles to this commencement. This man is George M. Cassidy of Poultney, now director of physical tion, died November 9, 1919, of pernicious ducation in the University of the Philip

Professor Tupper introduced the next speaker as "the first woman to enter the liege of Engineering, and graduate with Engineering. This was Miss Marie og McMahon of Burlington, representing the represent her class in the after-dinner peaking. It was remarked by more than ne that, if her talk was representative what the women could do, it might be well for other classes to select a feminine ember to represent them in this part of the program hereafter. Miss McMahor aid a well-worded tribute to President cnow that those who have been in col-

say for the alumni, and who made some and admiration for the new president. dreamer. ill meet Monday morning at ten o'clock on but a deer; not a wisher, but a gothe front campus to take part in the com- getter." She declared that the Univermencement procession. He said that this sity of Vermont is no longer content was the only way that the alumni could with standing still, but is determined to and 1879. His M. D. was finally taken be sure of a seat, as the seats were pretty go forward. She closed her brief, pointed from Bellevue Hospital Medical College well spoken for Seats would be received. remarks with the straightforward statement: "1915 is strong for Vermont." Douglas McSweeney of Burlingt Burlington. peaking for the class of 1919, emphasized

He said that there were 52 members of the class present at the luncheon and that, counting in the medics as a part of the class, this showing represented 52 per cent of their number Among this number, they had four fullledged cheer-leaders, he said. McSweeney told of the Memorial building project which had been started this year the class of 1920, and toward which the undergraduates have pledged to pay \$42,400, within four years after the classes mous vote, and in secret ballot, elected leave college. The class of 1919, said the speaker, has pledged \$1,500 toward this protect, and it is hoped that other classes will take hold and help this project

Maurice Bond, president of the class 1920, said that as the new class in the the symnesium have not heard in many Alumni association, they were now learning the ropes. His talk was largely or the matter of the Memorial building, also this demonstration, the class of 1900, of stars in the University service flag, which hung over the platform at the end of the hall. Of these 500 stars, 20 are tars of gold. For those men who gave up their lives in the service of their country during the World War, the undergraduates of the present day feel troiler of the University, and added: that there should be some fitting memo-"All those who will pledge active sup- rial at the University, some memorial rial at the University, some memorial port to Mr. Bailey will rise and receive which would be of real service to the In calling attention to the amount which the students have pledged already for this purpose. Mr. Bond said that this represents about \$73 apiece for the underraduates of the University. He declared that this is a fitting challenge to the

During the course of the dinner and the speaking which followed, the entire assembly was led in cheering at various intervals by Cheer Leader Carl McMahon, who put the hot stuff into every cheer.

Music was furnished during the early part of the dinner by Romeo's orchestra. At the close of the alumni luncheon, the entire alumni body formed in line by classes, led by the band, and marched Taylor's victories over the Mexicans and to Centennial Field for the baseball

EVENING SMOKER OUT-OF-DOORS In the evening, a good number gathered in front of the gymnasium for an informal smoker, lasting from about 7:30 to 9:30. There was no formal speaking, or any pre-arranged program. Everybody made tionships, talk over college days and just drift about. It was an ideal night for this sort of gathering out of doors, and for many it was the best part of the day. An improved sods fountain and ice cream stand in front of the gym was popular, especially when the boys discovered that the treat was on the Univer-The band played several selections to enliven the affair, and there was mucic

by a quartet consisting of Parker, Gal-

Sawver and Sharples, followed by

the singing of Vermont songs by every-The feature of the event was the singng of a hastily organized quartet, composed of J. E. Gibson, '14, H. A. May-'15, J. R. ("Shorty") Roberts, '12, R. and D. J. ("Doug") Roberts, M. '15. This proved to be a harmony four which wafted sweet strains more enticing than those of the Pied Piper of Hamilin town, for everybody gathered around and the was kept singing until their 'Champlain," in which all joined, and the former students then drifted to the fraternity houses for the re-unions.

SUNDAY EVENING OF MUSIC On the most beautiful college campus in the world, the alumni and friends of the University gathered Sunday night for a musical treat, part of which was furnished by Sherman's band, and part by was held in the Athena club rooms Sat-urday evening, with 8 present. Miss Ma-selves. It was probably the most impresselves. It was probably the most impressive scene of commencement week thus

Under the historic trees of the front campus, nearly in front of the Billings library and the Williams Science hall were grouned in informal array the sons and daughters of Vermont and their relatives and friends. A green-bowered amphitheatre, in the center of which was Sherman's band, was filled with the happy throngs of alumni, the bright colors of their clothing making a striking picture against the dark green background. More than one former student of the University, who had crossed the front campus hundreds of times before, was heard Los Angeles, Calif., Mrs. Olive Hayden to remark that he had never realized the full beauty of that spot until that time. Sherman's band started the concert about eight o'clock and played for about an hour. Then the men of the University and many of the alumni gathered near the band and entertained the large audience for half an hour with a cor cert of college songs, old and new, closing with the ever popular "Champlain. This college music was a fitting close to another day long to be remembered in the annals of Vermont.

### MANY HAVE LICENSES

to Far This Year 32,236 Get Permis sion to Operate Automobiles-This Covers 23,000 Machines

Montpelier, June 24.-Thus far 32,236-per ons have been granted license to operate automobiles in Vermont covering some 26,000 machines. Of that ports have been received at the Secre-tary of State's office showing that number of persons have been involved in ac cidents. To-day, 24 reports were receive experiencing a collision in Waterbury recently.

RAT EXTERMINATION CAMPAIGN IS URGED

Washington, June 25 .- Calling attention to the discovery of bubonic plague in several American and Mexican gulf ports and reporting his warning regarding the introduction of the plague from Mediterranean ports which are known to be infested, Sergeon General Cumming to day urged communities throughout the country and especially along the coast.

to inaugurate rat extermination cam-

paigns According to estimates by the public health service, there is at least one rat for every person in the United States. The annual upkeep per rodent is computed as \$1.50 in Great Britain; \$1.20 in mark and \$1 in France. The depredations of rats in the United States will very probably exceed the estimate for Great ain. One half a cent a day is considered conservative, but even on this computa tion, it costs the United States \$180,000,000 a year to support its rat population. This damages to the extent of \$1.80 occ does not include mice.

## THE UNIVERSITY'S **NEW PRESIDENT**

Guy W. Bailey Active in State Affairs for 12 Years before Taking, in 1917, Position of Comptroller-Acting President for Last Year

Guy Winfred Bailey of Essex Junction who was elected president of the University of Vermont Saturday by a unanmous vote of the trustees, has been con nected with the university as comptroller and acting president, since September, 1917. Before that, he was secretary of State for Vermont, resigning that office Following the banquet a brief business ing they attend to take effect at mid-night. August 31, meeting was held, when H. H. Hagar and Monday they went in a body to the to take effect at mid-night. August 31, meeting was held, when the held is a second president of the alumni commencement exercises. position of comptroller at the university, position created in the spring of 1917. Taking up the work om comptroller about the middle of September, 1917, Mr. Bailey has successfully carried on the business of the university through the trying war ni, many of them in the fantastic garb period. On August 2, 1219, following the resignation of President Guy Potter Benton, who had been doing educational work in France during the greater part of the war, Mr Bailey was made acting president of the university

During the college year just closing. the sentiment among the members of the student body, and among the alumni as well, has been growing stronger for placing Mr. Bailey permanently at the head of the university and giving him the title, where he has already been doing the work. Not long ago, at a smoker in the university gymnasium. a petition to the trustees to make Mi Bailey president of the university, introduced by Douglas McSweeney, M. was received with great acclaim by the the scratch variety, a well-placed hit student body, and signed by everybody present. Since then, similar feeling has leveloped among the alumni, with the resulting action of the trustees on Satur

# BRILLIANT FINISH OF BASEBALL SEASON

More Than 3,000 People See University Team Win from Boston Collegians-Crowd Includes Hundreds of Graduates, Back for Commencement

With Kibbee holding the Boston Collegians to one scratch hit, the University of Vermont shut out this team at Centennial Field Saturday, with a 3-to-0 score, in the last game of the season of 1920, the game being played before a commencement crowd which rivaled the great turn-out to the Holy Cross game earlier in the season. largest number of automobiles ever seen on the field and it is estimated that 3,200 people witnessed the game.

Just before the game began a proc sion, headed by the University band and consisting of several hundred of the alumplaces from which to watch the game. It was ideal baseball weather and the two teams settled into the game from the start, playing practically air-tight ball for the first three or four innings. Neither side was able to score until the sixth, when Vermont made the three runs which won the game. The closeness of the contest made it much more interest ing than Friday's game. It was actually a pitchers' battle between Kibbes and the much-heraided Fitzpatrick, and the honors were easily with the twirler. The visitors were able to secure only

one semblance of a hit, and that was of to the infield, with nobody there to handle it. During six of the nine innings, only three men faced Kibbee in each frame. The only time that the visitors got a man as far as third base was in the third inning, when Kibbee issued his only pass of the game to Swan, which was followed by Gormley's scratch hit and Wilson's sacrifice, putting men on second and third, with only one out The effort proved in vain, however, cause Bond flied out to Burne, Palmer sent one into the hands of Brock Burns, Vermont's hard hitting left fielder, was the hero of the game at in the first run, and Saturday his pretty double, the only extra base hit of the contest, brought in Vermont's first two runs and Burns crossed the plate with the third run himself.

This all happened in the sixth inning. Kibbee led off and reached first whe Palmer threw wild to the bag. McGinnis contributed a well placed single, advance ing Kibbee. Tryon helped each runner along with a sacrifich bunt. Then came Burns and his two-pagger, putting Kiboce and McGinnis across the Harris flied out to Gormley. Spillane singled, scoring Burns. Spillane reached second on the throw in, and stole third. Then he tried to steal home, but was caught at the plate.

During the greater part of the game. Kibbee had the opposing batsmen swinging at the air. During the first twomay well be satisfied with the closing of the 1920 baseball season. Kirwan and Harris were playing exceptionally set merited applause for capturing a hard one a long way back of second, which was just too far in for the center fielder. Since Mr. Bailey has been at the Uni- It looked like a hit, but Kirwan got versity, his keen business perception, his there in time. Harris had six chances activities, his and played them all nicely except allowed a runner to get on.

The reorganized team of the visitors patrick, although they were able to keep their errors from proving very costly. Two of Vermont's scores were made on clean hitting, however, and under these circumstances Pitspatrick would have been no better off with an air-tight team behind him. The Vermont team won by hitting Fitzpatrick, and by better baseball.
